

ARIZONA STATE SENATE
Fifty-Second Legislature, Second Regular Session

FACT SHEET FOR S.B. 1537

higher education; budget reconciliation; 2016-2017

Purpose

Makes necessary statutory and session law changes relating to higher education to reconcile the FY 2017 state budget.

Background

The Arizona Constitution prohibits substantive law from being included in the general appropriations, capital outlay appropriations and supplemental appropriations bills. However, it is often necessary to make statutory and session law changes to effectuate the budget. Thus, separate bills called budget reconciliation bills (BRBs) are introduced to enact these provisions. Because BRBs contain substantive law changes, the Arizona Constitution provides that they become effective on the general effective date, unless an emergency clause is enacted.

Provisions

1. Stipulates, effective July 1, 2018, appropriated tuition and fees included in a university's operating budget adopted by the Arizona Board of Regents (ABOR) are:
 - a) subject to legislative appropriation; and
 - b) deposited in a separate tuition and fees subaccount for each university, instead of with the State Treasurer.
2. Requires, effective July 1, 2018, all other tuition and fee revenue to be retained in a separate local tuition and fees subaccount for each university, which will consist of only tuition and fees.
3. Removes, effective July 1, 2018, the remittance requirement to the State Treasurer for appropriated registration and other revenues included in a university's operating budget adopted by ABOR.
4. Modifies state General Fund appropriations to each state university for lease-purchase capital financing for research infrastructure projects as follows:
